A Request to Parents

There will be a band concert in Academy Park tomorrow night, weather permitting. These concerts are attended by a large number of people, the majority of whom, it is quite probable, go to hear and enjoy the program. This last proposition being true it is no more than fair to ask parents of children who attend to see that they are kept quiet during the rendition of the several numbers. A request of this nature should be sufficient.

Death of Mrs. J. J. Dillon

The many Lamoille County friends of Mrs. John J. Dillon of Hardwick were shocked to learn of her death, which occurred last Thursday afternoon at about six o'clock, after a short illness from pneumonia and jaundice.

Funeral services were held from St. Norbert's church in Hardwick Saturday morning at 9 o'clock, Rev. J. M. Kennedy officiating. Interment was in St. Theresa's cemetery in Hyde Park. The bearers were three brothers and James Dillon of Quincy, Mass. Included in the beautiful floral tributes was a wreath of carnations and lilies from the K. of C. lodge of Hardwick.

Marie Ellen (Tyndall) Dillon was born Nov. 20, 1873, in Hyde Park, the oldest of eight children of John and Mary (Savage) Tyndall. She spent her early life in this town. She received her education at Peoples Academy and taught successfully in the districts of Morrisville. She was for several years an employee of H. W. Allen & Co. of Burlington in their dressmaking department and later conducted a similar business in Morrisville. She was married April 20, 1910, to John J. Dillon of Hardwick, who survives her with two children, Magdalen, five years of age, and James, aged three. The deceased is also survived by her father, three sisters, Mrs. William J. Moore of Plainfield, N. J., Misses Winnifred and Grace Tyndall of Morrisville; four brothers, James, G. Jennings, and John of Attleboro, Mass., and L. Carroll Tyndall of this place.

Mrs. Dillon was a woman of many fine qualities and her death, where her presence in the home seems so urgent, is greatly regretted by a very large circle of friends. She was an untiring worker in the church and will be greatly missed by the members of St. Norbert's. The sympathy of all goes out to the bereaved family.

Gone to the Front

The number of men who have joined the Vermont troops for service in Mexico, from Morrisville, has been increased by a substantial number during the past week and there are several young men who declare their intentions of offering their services as soon as war is actually declared, if that point is reached in the present difficulty with Mexico.

This Ice Box Saves You Money

Big ice bills indicate a poorly constructed ice box. More than that, they indicate that unless you continually feed ice, you waste money in food and risk the health of the family by not properly protecting the food in warm weather.

The ice boxes we will show you are built to last for years and give perfect service. Their construction makes the ice last longer, and a low temperature is maintained in the food chambers constantly. They actually save you their cost many times over.

Stoddard Bates, State Highway Commissioner, was in town yesterday in conference with County Road Commissioner Barrows, the Selectmen, the Village Trustees and several townspeople regarding state highway work. After consultation it was agreed that state work be done on the road leading from Morrisville town line to the bridge over Boardman brook, that the work started on the north road should be finished and that work be commenced on the Ellenwood Flat road—the road leading to Centerville. About \$1000 will be spent on the first-named road and on the latter from \$300 to \$500, this year, and next year enough to complete the work of making it a permanent road.
